

Photographs at Lendrick Muir

During your child’s residential at Lendrick Muir, we will take photographs of the children enjoying their activities. These are given to the school as a record of their time away.

The photographs may also be used in Scripture Union Scotland promotional and publicity materials, including parent’s information evenings and on social media. Photographs taken will be stored securely and will not be shared or passed on to any third parties, except in relation to the creation of SU Scotland communications.

If you have any objections to a photo of your child being used in SU Scotland publicity, please return the form below to your child’s school before the residential commences. Please contact your child’s school if you require any further information.

.....✂.....✂.....✂.....

I do not wish my child’s photograph to be used in SU Scotland publicity.
