

Cost of the School Day

The aim of this group is to ensure we are not putting additional financial pressure on parents, carers and children through school activities. It is really important that we reach as many parents and carers as possible through this group.

01. Role

This role involves working with Mrs Patience to agree what we should, and should not, ask parents and carers to spend money on. **It will not include any personal financial information about any group member.**

02. Time required

This is an ongoing role which would require the following time:

- A maximum of two meetings after school, or during school hours if better for you. We aim to have one meeting as soon as possible and another just before Christmas.
- Some time gathering information from other parents and carers, in a way that the group have agreed and supported by the school.

03. Skills, knowledge and interests

It would be desirable if you had the following skills, knowledge or interests, but they are not essential:

- An understanding of some of the issues around asking parents/carers for money and the impact that has on them and their child/children.

04. Remit

Your remit would be to support the school to gather information and get it right for all families, no matter what their financial situation.
