

- Continue to develop high expectations around learning environments and differentiation through environments
- Continue to develop the tracking of wider achievements and planning for intervention through WLC trackers
- Embed high quality use of profiles in P4-7 and begin QI of Seesaw and My World of Work resources
- Ensure consistent approach to the use of digital technology; achieving digital schools re-accreditation
- Embed pupil led learning both indoors and outdoors

Improvement in employability skills and sustained, positive school leaver destinations for all young people.

Close the attainment gap between our the most and least advantaged children.

- Continue to support children who are finding areas of their learning challenging through interventions
- Make sure that every child has the same opportunities for wider experiences
- Continue to develop teacher knowledge and use of intervention data to impact on positive and relevant classroom experiences

- Embed the use of the four-part lesson plan across the curriculum
- Embed our formative assessment toolkit across the curriculum
- Continue to develop differentiation across the school by continuing with professional learning around production and environment
- Continue to develop consistency in phonics and spelling across the school
- Continue to develop our approach to Building Thinking Classrooms in numeracy alongside our West Calder cluster colleagues
- Embed staff use of core reading targets and introduce pupil friendly versions.

To raise attainment for all, particularly in literacy and numeracy.

Improvement in all child's wellbeing.

- Gain gold award within Rights Respecting Schools
- Develop a consistent approach to inclusive environments and practices across the school, supporting children's ability to be 'ready to learn'
- Staff to continue to develop Health & Wellbeing planners across each different stage
- Create an ASN pathway and support materials for staff and families
- Embed outdoor learning to support interdisciplinary learning, and health & wellbeing.

United Nation Rights of the Child (UNCRC)
