School Improvement

READINESS TO LEARN

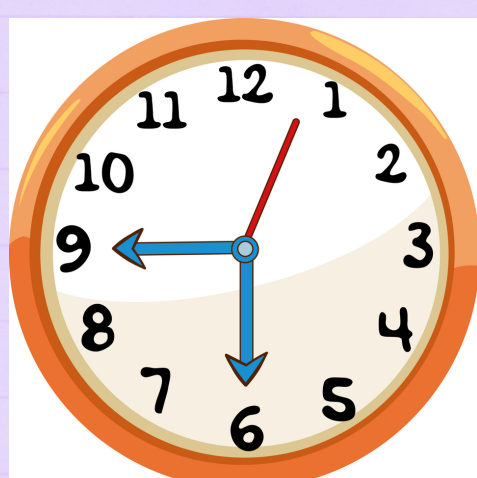

What is it?

In order to ensure all our children are ready to learn, we must ensure we provide the best environment, tools and experiences for them to thrive. By prioritising connection, relationships, predictability in our systems and consistency of approaches across our school, it offers our pupils a safe, supportive environment to learn.

How can you help?

- Helping us to share our approaches with all families
- Developing our family learning opportunities
- Providing feedback on resources and strategies

How much time?

- We want to gather your views and ask you to support and share experiences with other families. 2 hours across the school year could mean attending 2 x 30minute meetings and support at a family learning opportunity. As much or as little as you can offer.
